

K-Love is a wonderful radio station that I listen to daily and I have many friends who also listen to K-Love. I feel that if K-Love was not able to be broadcasted in our area, there would not be any family-based stations that we could listen to and would have to resort to listening to cd's rather than radio. The other radio stations in the area do not play christian music that is enjoyable to listen to frequently. The music played by K-Love instills christian and family values that is lacking in other media's available today and is crucial to public interest to keep it available to maintain decent moral values in our society.
